

"The love of money is the root of all evil things,
and there are those who have wandered away
from the faith by making it their ambition,
involving themselves in a world of sorrows."

— St. Paul to Timothy (1 Timothy 6:10).

The Coming Jewish Attack Upon Russia...

By FRED FARREL

The Christian imagination endows the Jews with a vast historical importance which they do not actually possess. In ancient times there dwelt at the eastern end of the Mediterranean an insignificant and ignorant tribe called the Hebrews. In the Middle Ages Europe harbored a mendicant tribe of loan sharks and peddlers who were called Jews. Prior to the beginning of the Nineteenth Century the Jews never had any real power or importance on the stage of world history. The Jews claim an extravagantly long history; they say that "We are an eternal people!" What can such a claim possibly mean? All of us had some sort of ancestors ten thousand years ago. The Jews, as a power on the world stage, are newcomers. Prior to the beginning of the Nineteenth Century, they never really amounted to a hill of beans!

Modern Jewish power is centered around a single financial institution, the Rothschild Bank. This whole miserable race demon-

"How is a man the better for it, if he gains the whole world at the cost of losing his own soul? For a man's soul, what price can be high enough?" — Matthew 16:26.

strated its fundamental worthlessness by allowing its religious and cultural life to be organized to serve the purposes of a single financial institution. Jewish power is a flash in the pan. It came quickly and it will go quickly. Much is made of the financial acumen of the Jews. In fact, they are only so-so competitors of the Parsees or the overseas Chinese. They built their opportunistic power by taking advantage of the decadence of Europe and America.

Set Loose Upon the Earth

As long as the nobility held power the Jews were kept in their proper place. The rise of the bourgeoisie set them loose like a pox and a pestilence upon the earth. The bourgeoisie Babylon was a favorable habitat for the Babylonian Talmudists. It was corrupt, unscrupulous, morally rotten, greedy. Into this increasingly corrupt bourgeoisie society, the Jews loosed the invention of Marxism. The corrupt bourgeoisie loved it madly from the start and still do. Marxism gave them a good excuse to hate the working class of their own race. The Goy bourgeoisie and the Jews fed upon each others' inherent corruption. Between them they built the great Babylon which the Western civilization has become in the last hundred years, the **scarlet woman** who is given to wantonness, who holds in her hand a golden cup full of the filthiness of her abominations.

Deceitful PRO-ZIONIST Preachers

*Don't confuse the howling of wolves
with the voice of Christ which says:
"Come follow me."*

Her merchants are the great men of the earth. She has whoremongered deliciously with the kings of the earth. In her is found blood of saints, and of apostles, and of martyrs, and of all who have been slain upon the earth. She is condemned since the foundation of the world. She claims to be an "anti-Communist" and a "Conservative" and a "Patriot," but her moral currency is counterfeit. She is a whore and there is no virtue in her. We cannot blame the Jews entirely for her; she is a joint Jew-Goy creation. In the Jew-Goy bordello which Western civilization has become, the sign on the wall says *mene, mene, tekel, upharshin.*

The military men of Babylon warn that the Medes and the Persians are a menace to the city; but in the harlot's house there is little character or integrity. The morally decadent debauchees cannot summon themselves to the task of defense. "Come with me and see the condemnation of the great harlot who sits upon the many waters." Her false and lying priests glibly justify the wickedness of the upper classes. Her philosophers spout glib sophistries by the ton. Her bookstalls are full of the work of trashy Jewish novelists. The elite are enemies of every decent kind of popular culture. The streets of Babylon are not safe, cannot be made safe, because the elite have deliberately and wilfully degraded the character of the people. The peoples of other nations hate the harlot, and they shall eat her flesh, and shall make her desolate and naked, and she shall be burned up in fire, for strong is God who will judge her.

Babylon makes her own Medes and Persians. They are standard equipment for Babylon. Every great Babylon of this world has its Medes and Persians.

The Jews have shown considerable foresight in dealing with the Russians, whom they recognized from the beginning as a menace to the modern Babylon. The first Jewish effort to destroy Russia was made

Fraudulent Religious Revival Mockery of Christianity

By CARL LYONS

The religions of the East philosophize on the term "enlightenment." Stress is placed on meditation, and the adept sit in a haunched position awaiting the inner sanctum of the soul to produce the phenomena. The Western philosophy is to worship the Heavenly Father, Whose ordinary power is inculcated into the earthly subject for the inner-light which edifies the soul. The one system is a philosophy, the other is a system of beliefs. For one, an annual pilgrimage; the other, a continuous consciousness of fact. For one, time has no bearing; for the other the very almanac of the modern world is a creditable reality. How does it come to pass, we ask, that not by accident, not by conspiracy of a fanatic, not by the force of any imperial edict, but by a convergence of silent, unrecognized, almost unconscious forces, all civilized time is baptized into the name of Jesus Christ?

The Christian Educational Association reaches far to impress fact and truth. In today's milieu of beliefs, technical devices are used to arouse the slumbering masses into

"What win I if I gain the thing I seek?
A dream, a breath, a froth of fleeting joy.
Who buys a moment's mirth to wail a week,
Or sells eternity to get a toy?"

— Shakespeare.

wakefulness and a sense of responsibility required to stimulate the tide of Jewish socialism. It grows through a process which is casual without being directed toward ends. And, as a final characteristic the concept leaves a void at a point where man is capable neither of giving direction and orientation, nor mastering life's conditions by following the Gospel.

The problem posed by this seemingly deterministic approach to modern technique seems hardly solvable where mass media shape ideology to become a mere superficial display. The power of feeling and the might of knowledge joins together the total awareness to maintain the core of personality. The mystical means of capturing minds and the will of man has been the subjugating weapon of slavemakers down through the ages. Jesus said: "Ye shall know the truth, and the truth shall make you free." A lasting creation cannot come without the knowledge of truth, which is embodied within the will of man and ordinances of GOD!

Without the virgin will of the individual, socialism aims to bury the most important faculties of the individual life by renunciation of logic and truth. The decades of the "sixties" was the counter-force era to put humanism in a quantitative equation to dissolve a qualitative civilization. It also wit-
